Dear Minister:

On behalf of the Board of Directors of the Ontario Trillium Foundation (OTF), I am pleased to submit our Annual Report for the fiscal year 2007-2008.

In this report, you will find a brief summary that highlights the goals achieved by the Foundation. Also included is a list of grants made and our audited financial statements. We have chosen to feature our first Future Fund environment grant recipients and some of the 2007 Great Grants Award winners that have demonstrated a lasting impact with their OTF grant.

The Foundation is committed to building healthy and vibrant communities across Ontario through community-based initiatives that strengthen the capacity of organizations in the arts and culture, environment, human and social services and sports and recreation sectors. We are grateful for the \$5 million boost we received in 2007 as it has allowed us to focus our efforts on the new Future Fund initiative, increase the limits on our capital grants and do more to build Ontario's communities.

Our volunteer Board of Directors and Grant Review Teams, supported by committed and competent professional staff, share a collective pride in the Foundation's continuing accomplishments, as described in this report.

We value the effective working relationship our Foundation has with your ministry, and we look forward to continuing our important work together.

Sincerely,

Helen Burstyn
Chair of the Board

Message From The Chair

Helen Burstyn

I was both fortunate and honoured to serve as Chair of the Ontario Trillium Foundation during our 25th anniversary year. And what a remarkable anniversary year it was! Just as remarkable as the 25-year history of championing healthy, vibrant communities that was being celebrated.

Over the years, OTF has become even more relevant today than when it was first created by the Ontario Government in 1982. We owe our success to the communities we serve, the grantees in whom we invest, the volunteers who give so much of themselves, the staff who assist and enable us, and the provincial government, our sole shareholder, that renews and recently increased its funding to the Foundation in recognition of the importance of our work.

In Spring 2007, the Ontario Government reaffirmed its commitment to OTF by boosting the Foundation's budget to \$105 million from \$100 million as the first phase of a 20 per cent annual increase. The funding increase provided the Foundation with an opportunity to have an even greater impact in communities across the province, while allowing us to focus our efforts more strategically.

Thanks in part to our budget increase, OTF raised its capital funding limits to help respond to the significant demand for capital grants.

Two million dollars were designated for a new fund created to enhance the future of Ontario communities. The new OTF Future Fund has allowed us to capitalize on the valuable knowledge drawn from our study of the environment sector in Ontario. As a direct response to the study, the 2007 Future Fund focused on strengthening the impact of Ontario not-for-profit organizations working on environment issues, and encouraged greater collaboration between large and small organizations in this sector.

In 2007-2008, the Foundation invested \$100,306,100 in 1,561 grants to charitable and not-for-profit organizations in our key funding sectors across the province. We have:

- Dedicated more than \$43.5 million to grants in the human and social services sector;
- Supported the sports and recreation sector with more than \$22 million in grants;
- Invigorated the arts and culture sector with more than \$22 million in funding; and
- Contributed more than \$12.3 million to the not-for-profit environment sector.

The programs, projects and services that we fund provide countless benefits to our communities. They provide young people with skills, knowledge and confidence. They help remove barriers to employment for people with disabilities. They engage community members to be more active in civic life. And they build awareness of and encourage responses to environmental issues.

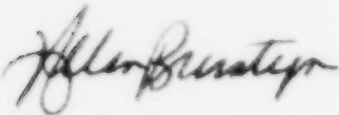

Our 25th anniversary prompted us to reflect on our history, while at the same time look to the future. Building on our experience as one of Ontario's most significant grantmakers in the not-for-profit and charitable sectors, OTF intends to strengthen its leadership role in the sector by creating more opportunities to convene other funders, grantees and community groups. We will go beyond grantmaking and place renewed emphasis on our knowledge management and knowledge sharing activities. By effectively leveraging our research and knowledge, OTF will provide a greater benefit to not-for-profit organizations, the government and other community groups.

Our volunteer Board of Directors and Grant Review Team members are a tremendous asset to the Foundation. I would like to thank all my colleagues for their unwavering support and dedication to communities across the province. As OTF Vice-Chair Hugh O'Neil's term comes to an end, I would also like to convey my sincere appreciation for the invaluable contribution he has made serving on our Board of Directors. He has played a vital role in the Foundation's success and I am honoured to have served alongside him.

I would like to express my thanks to the Honourable Aileen Carroll, Minister of Culture, who has been a strong and enthusiastic supporter of the Foundation's community-building mission at every turn.

The Foundation's professional staff team, led by CEO L. Robin Cardozo, are widely respected for their knowledge, professionalism and commitment, and I would like to acknowledge their excellent contributions.

I am truly proud to be part of an organization that has had such a dramatic and positive impact on the lives of Ontarians. As we look to the next 25 years, we can rely on the creativity of Ontario's communities and the commitment of the Foundation's resources to keep building ever-healthier, ever-stronger communities, together.

Helen Burstyn
Chair of the Board

Message From The Chief Executive Officer

L. Robin Cardozo

By any measure, the 25th Anniversary year of the Ontario Trillium Foundation has been one of the most remarkable in the organization's history.

The Government of Ontario recognized the important work of the Foundation by increasing our funding from \$100 to \$105 million, in the first phase of an increase to \$120 million annually.

We took our biennial Great Grants Awards celebration on the road in the largest-ever staging of the event. For the first time, 16 regional Great Grants events were held across the province, honouring almost 100 outstanding grantees. It was a wonderful way for us to broaden our reach into the communities we serve, and to give our award recipients the opportunity to celebrate with peers and community members.

A grand celebration event was also staged in Toronto, where special 25th Anniversary Great Grants Awards were presented to deserving not-for-profit organizations that have been making a difference in communities across the province over the past 25 years.

While the events were a great way to profile the success of our grantees, they also presented a unique opportunity for us to engage our volunteers and community organizations in meaningful skills-development workshops coinciding with each event. Participants benefited from a discussion of the key issues faced by many not-for-profit organizations and were provided with practical strategies that they could immediately put into practice. The response was extremely positive, and reaffirmed the need for us to provide more opportunities of this nature.

OTF's 2007 Professional Development Conference provided an ideal opportunity for Foundation volunteers and staff to assess how best to serve Ontario's changing communities in the future. Respected demographer Dr. David Foot mapped out challenges and opportunities to be expected in the coming decades, providing us with a platform for further discussions. Some of the key themes that emerged are helping to chart a critical path for the Foundation's work.

OTF routinely conducts research to help inform our grantmaking. Our research on the environment sector in Ontario has helped us determine our first Future Fund initiative, which received an allocation of \$2 million in its first year. Understanding the needs of Ontario's not-for-profit environment sector, and the important role OTF plays as its largest funder, confirmed our need to do more. As a result, not-for-profit organizations working on environment issues were invited to form innovative collaboratives and apply for a Future Fund grant that would help strengthen the sector.

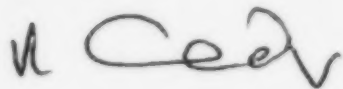

The response was phenomenal. We were delighted to award five grants to organizations representing almost 100 participating Ontario-based not-for-profit environmental organizations. We will continue to infuse this sector with much needed funding in the years ahead.

As part of our commitment to knowledge sharing, we set out to study the challenges faced by six small Ontario communities, to discern where we might do a better job in supporting the important work of community groups. We found that, although small towns were indeed dealing with serious issues, it was refreshing to learn how many were rising to the challenges by engaging their communities in creative ways. We found stories of innovation, persistence and promise. We look forward to sharing our comprehensive findings from the research in the coming year.

I would like to acknowledge the invaluable work of OTF's volunteer Board of Directors and Grant Review Team members. Thanks also to our Chair, Helen Burstyn, whose vision and strong leadership skills have made tremendous contributions to our progress. This year we say goodbye to Hugh O'Neil, who has served as Vice-Chair for the past four years with passion, wisdom and good humour. Our volunteers are extremely important to the Foundation and play a critically important role in our successes.

I would also like to personally thank the hard-working, talented and creative staff at OTF. I am proud to lead this dedicated team of professionals, and am grateful for their continuous support.

This year was an opportunity for us to reflect on our many successes over the past 25 years, and to pay tribute to some outstanding organizations. We were able to acknowledge the contributions of hard-working volunteers and staff. We looked back, and we looked forward. At the Ontario Trillium Foundation, we face the future with optimism, and look forward to continuing our work of building healthy and vibrant communities across this wonderful province.

ACCOUNTABILITY, IMPACT AND ORGANIZATIONAL EFFECTIVENESS

Ontario Trillium Foundation Review of 2007–2008 Achievements

The Ontario Trillium Foundation Business Plan for the year covered three major performance goals, each with supporting objectives. The following summarizes the organization's achievements relative to those goals and objectives.

GOAL 1: Make investments to build healthy and vibrant communities and strengthen the capacity of the voluntary sector

OBJECTIVE 1: Make grants to achieve priorities

Achievements:

- Allocated 100 per cent of the year's granting budget, by granting program and by catchment area;
- Achieved granting targets within sector allocation ranges by granting 22 per cent of funds in the arts and culture sector, 12 per cent in the environment sector, 44 per cent in the human and social services sector and 22 per cent in the sports and recreation sector;
- Increased OTF granting in the environment sector from \$7.6 million in 2005/06, to \$8.2 million in 2006/07, to \$12.4 million (including the Future Fund) in 2007/08; and
- Satisfactorily achieved granting targets in the four granting priority areas.

OBJECTIVE 2: Enhance the impact of OTF grants

Achievements:

- Began implementation of the previous year's study of the environment sector, including an increased focus on specific longer-term outcomes and impacts related to this sector. A key result of this increased focus is the first Future Fund initiative, intended to strengthen Ontario's environment sector by fostering innovation and collaboration;
- Conducted Small Towns: Big Impacts, a research study to assess the community-wide impact of OTF grants; results to be published in 2008/09;
- Began work on determining measures of healthy and vibrant communities;
- Continued ongoing work on identification of grant results and outcome indicators in the Foundation's priority areas; and
- For every \$10 granted over the past three years, leveraged an additional \$18.90 in volunteer time, in-kind contributions, and direct funding from other sources.

OTF's Board of Directors

OBJECTIVE 3: Strengthen the Foundation's role as a leader and convenor

Achievements:

- The major convening events of the year were the biennial OTF Professional Development Conference, held in November 2007, and the regional Great Grants events held throughout the province in the fall of 2007;

The Honourable David Crombie and Sylvie Bigras, OTF Board of Directors member, were entertaining masters of ceremonies at OTF's 25th Anniversary Celebration Event

- Twenty-one regional professional development workshops were held as part of the commemoration of OTF's 25th anniversary;
- A successful 25th anniversary event, celebrating the achievements of OTF and its grantees over 25 years, was held in November 2007;
- Developed a draft knowledge management strategy to share learnings and help voluntary sector organizations share information; and
- Throughout the year, OTF was actively engaged in collaborative funder discussions regarding capacity building and leadership development throughout the year.

OBJECTIVE 4: Enhance the equity and accessibility of OTF funding

Achievements:

- Carried out targeted outreach to encourage grant applications from under-served and under-privileged populations, including Aboriginal, Francophone, ethnocultural and racial minorities and northern and rural groups;
- Increased granting to First Nations, Métis, and other Aboriginal communities. Funding to these communities grew from \$3 million in 2005/06, to \$4.8 million in 2006/07, to \$6.5 million in 2007/08 (not including grants that serve multiple communities);
- Successfully increased capital grant funding in lower budget catchment areas; and
- In response to applicant feedback, improved customer service by sending information earlier in the grant decision process to applicants whose requests have been declined.

GOAL 2: Complete the Board's strategic review to enhance the Foundation's impact, and implement the results of that review

Building on the outcomes of the OTF Board's strategic discussions, in 2007/08 the Foundation implemented the following changes in granting strategies:

- Designed and implemented the Future Fund, and approved the first round of grants, providing \$2 million in funding to the environment sector;
- Responded to the need for capital funding by raising the limits for capital grants to \$150,000; and
- Allocated additional funds to granting, including capital grants, as a result of an increase in its allocation from the Government of Ontario.

GOAL 3: Enhance organizational effectiveness

To help ensure a continuing high level of effectiveness in OTF's governance, business, and granting practices, in 2007/08 the Foundation:

- Carried out its annual grantee compliance audit, implemented recommendations from previous internal audits, and began work on new internal audit projects;
- In recognition of its governance practices, was named a "top contender" in corporate governance by the Conference Board of Canada (as part of the prestigious National Awards in Governance program), and was also presented with a Maytree Foundation Diversity in Governance Award for achieving a culturally inclusive Board of Directors and regionally diverse Grant Review Teams;
- Maintained a high ranking as a cost-effective foundation;
- Initiated a multi-year Business Process Improvement project as part of the continued development of electronic service delivery functions;
- Maintained and enhanced the Foundation's pro-active communications strategy. Specific achievements included the facilitation of more than 750 grantee recognition events, more than \$1.2 million value in earned media coverage, and – for the third consecutive year – an award for the OTF website from the Council on Foundations;
- Held a successful Professional Development Conference in November 2007, with a high level of participant satisfaction; and
- Produced a draft pandemic response plan for internal testing and training in the coming year.

Our Granting Priorities

The Foundation will support the building of healthy and vibrant communities through community-based initiatives that strengthen the capacity of organizations in the arts and culture, environment, human and social services and sports and recreation sectors.

In particular, the Foundation will place priority on supporting organizations that work in the following areas to help Ontarians achieve their potential.

Enhanced success for students and learners

A healthy and vibrant community depends on the skills and knowledge of its members.

Whether knowledge and skills are developed in the early years when children start school or much later in life, it is key that people of all ages and abilities are ready to learn. This is why the Ontario Trillium Foundation will place priority on initiatives that:

- Provide community-based learning opportunities and create conditions for achievement for people of all ages and abilities; and
- Help prepare children and youth for success.

This includes, but is not limited to, broadening learning experiences for children and youth; helping children and youth remain and achieve in school; preparing young children to learn;

providing opportunities for children and youth to experience positive personal growth; and improving adult literacy through resources and activities.

Healthier and more physically active Ontarians

Encouraging Ontarians to lead healthier lifestyles, as well as improving other determinants of health, such as air and water quality, and providing opportunities for people to enhance their health and well-being will lead to healthier and more physically active Ontarians. To this end, the Ontario Trillium Foundation will place priority on initiatives that:

- Promote physical activity for people of all ages and abilities;
- Promote recreational activities for people of all ages and abilities;
- Enhance and help protect human and ecosystem health;
- Create conditions for people to reach their full health and well-being potential; and
- Promote cultural and artistic activities for people of all ages and abilities.

This includes, but is not limited to, promoting and increasing physical activity; increasing or sustaining recreational and leisure opportunities;

helping communities take responsibility to protect the natural environment; supporting systems that sustain health and well-being; sustaining a healthy arts community; and celebrating and preserving heritage.

Enhanced employment and economic potential for workers and their families

The Ontario Trillium Foundation supports initiatives that are innovative and that stimulate economic growth. To this end, OTF will place priority on proposals that support organizations to build skills, create jobs and enhance economic potential for individuals and communities through initiatives that:

- Provide skill development or employment opportunities;
- Sustain and promote a greener economy and community;
- Strengthen the economic health of a community; and
- Help further a community's long-term vision and growth.

This includes, but is not limited to, increasing opportunities for employment for those experiencing barriers including Aboriginal people, newcomers, people with disabilities and at risk youth; strengthening organizations and supporting initiatives that promote a sustainable

environment; sustaining the economic viability of the community; and encouraging community planning processes.

More effective volunteers and more people engaged in their communities

Volunteers are the foundation of healthy and caring communities that are safe, clean, secure and vibrant. Providing people with opportunities to actively participate in activities or programs offered within their community also contributes to this. We support initiatives that:

- Create conditions to increase community engagement of people of all ages, abilities and cultures;
- Strengthen volunteerism among people of all ages, abilities and cultures; and
- Strengthen the voluntary sector.

This includes, but is not limited to, building community connections and awareness; promoting and increasing volunteerism, particularly among young people; enhancing the capacity of the volunteer sector and fostering strategic thinking and innovation; and building the capacity of charitable and not-for-profit organizations.

BUILDING HEALTHY AND VIBRANT COMMUNITIES

Featured Grants

A Sampling of 2007 Great Grants Award Winners

Every two years, OTF recognizes outstanding not-for-profit organizations from across Ontario with a Great Grants Award. Selected from thousands of groups that have received Foundation grants, Great Grants Award winners represent organizations that have exemplified excellence, innovation and leadership in building healthy communities across the province.

In celebration of OTF's 25th anniversary, the 2007 Great Grants Award winners were selected from more than 10 thousand groups over the past 25 years. The remarkable organizations featured below are just a sampling of the award recipients recognized at the 2007 Great Grants Award celebration events held across the province.

Environment

The Northwestern Ontario Conservation Partnership

Great Grants Award Winner – Northwestern and Ontario

Northwestern Ontario is an area rich in natural resources and natural beauty. The Rainy Lake Conservancy, with the Nature Conservancy of Canada and the Rainy River Valley Field Naturalists is determined to keep it that way.

With an OTF grant of \$48,900 over two years awarded in 2004, this collaborative effort identified and conserved significant natural heritage features and built the Cranberry Peatlands Interpretive Trail, a wetland bog walk in Alberton Township. Visitors will be able to enjoy the results for generations. The Rainy Lake Conservancy, the lead in this collaborative, is a two time OTF grant recipient. It is a small local environmental group with an annual budget of less than \$10,000. Nonetheless, it has 200 members and 30 volunteers.

This groundbreaking project also established, for the first time, a second Nature Conservancy of Canada office in a single province.

Featured Grants (Continued)

Arts and Culture

Invitation: The Quilt of Belonging

Grant Review Team Chair's Award Winner – Champlain

In 2003, OTF granted over \$55,000 to a group involved in a unique project. The Quilt of Belonging is Canada's most comprehensive textile art project.

The quilt has been entirely made by the work of volunteers from Victoria to Newfoundland to the Arctic Circle. Over several years, people have been invited to contribute their talents and ideas. The range of quilt materials includes sealskin, African mud-cloth and embroidered silk and the quilt's 263 blocks represent all the First Peoples of Canada and every nation in the world. Over 40 thousand volunteer hours have been contributed to this truly nation-building project.

The quilt is currently on a five year tour across Canada and has been shown in Houston, Texas, at the International Quilt Festival.

Human and Social Services

Peace Bridge Newcomer Centre

Great Grants Award Winner – Niagara
Board Chair's Award Winner – Ontario

Immigrating or being forced to flee to another country can be a harrowing experience. The Peace Bridge Newcomer Centre in Fort Erie, the first of its kind in Canada, welcomes refugees and immigrants and helps ease them into Canadian society.

In 2006, OTF gave the Peace Bridge Newcomer Centre \$150,000 over two years to help create an integrated and co-ordinated system to link

newcomers with existing supports and services in a timely and effective manner. With OTF and other community funding, the centre has developed and established this unique and innovative model. Since opening its doors in December 2002 in a temporary trailer, it has helped close to 15,000 adults and children.

The centre encourages permanent settlement in the Niagara Peninsula. Hopefully, highly skilled immigrants will choose to work at the very place that first welcomed them.

Sports and Recreation

Rendez-vous des aînés francophones d'Ottawa

Great Grants Award Winner – Champlain and Ontario

In 2001, a core group of active Francophone seniors formed Rendez-vous des aînés francophones d'Ottawa to provide social, recreational and educational activities for Francophone seniors. Through hard work, the group purchased a school and converted it into a seniors centre.

In 2005, OTF granted \$90,000 over three years to help the organization consolidate and expand its activities. In the past two years, the group's membership has grown to over 600 people. The organization has been very successful in developing a variety of programs that include workshops, art classes, walking clubs, travel and outings.

The organization exudes a tremendous spirit of volunteerism. Over three years, the volunteer group has grown from a handful of dedicated board members to over 110 committed individuals. The centre is currently establishing a volunteer transportation service that will provide even greater access to programs and services.

Retirement never looked so good.

Financial Report

Report on Financial Performance

Ontario Trillium Foundation, March 31, 2008

- In 2007-2008, the Ontario Trillium Foundation received \$105 million from the Ministry of Culture for its granting programs. (Only \$104.3 million is recorded in the Statement of Operations; the remaining \$700,000 is recorded in Deferred Contributions, for spending in the following year.) Other revenue sources include investment income (\$7.0 million) and funds made available as a result of rescinded grants (\$1.4 million).
- Of this funding, \$100.3 million was pledged for grants, and grantmaking expenses and support services together amounted to \$12.4 million.
- At March 31, 2008, the Foundation held approximately \$108.6 million in investments, in fixed income securities (short-term treasury bills, bankers' acceptances, and deposit notes). Most of these funds (\$102.7 million) are committed to multi-year grant pledges and are invested to maximize interest income for the Foundation. The Foundation's investments are managed by the Ontario Financing Authority.
- Funds may be recovered, or future payments rescinded, in cases where circumstances (e.g. planned activities, budgets) change or where grant conditions or performance objectives are not met.
- Accumulated net assets at year-end totaled almost \$2.6 million, of which approximately \$500,000 was invested in capital assets and \$2.0 million represented unrestricted assets.
- Volunteers make a significant contribution to the operations of the Foundation. Given the difficulty of estimating monetary value, these contributions are not reflected in the financial statements.
- In April 2008 the Foundation received funds from the Ministry of Culture in the amount of \$110 million, representing an increased level of funding over the previous year.

AUDITORS' REPORT

To the Board of Directors of Ontario Trillium Foundation

We have audited the statement of financial position of Ontario Trillium Foundation as at March 31, 2008 and the statements of operations, changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Foundation as at March 31, 2008 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles. As required by the Corporations Act (Ontario), we report that, in our opinion, except for the change in the method of valuing financial instruments, as explained in note 2 to the financial statements, these principles have been applied on a basis consistent with that of the preceding year.

ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements

Year ended March 31, 2008

The Ontario Trillium Foundation (the "Foundation" or "OTF"), an agency of the Ministry of Culture (the "Ministry"), is financially supported by the Ontario government. OTF began operations as an arm's-length agency of the Ontario government on August 23, 1982 and was incorporated without share capital under the laws of Ontario under letters patent dated November 17, 1982. OTF's purpose is to build healthy and vibrant communities throughout Ontario, by strengthening the capacity of the voluntary sector through investments in community-based initiatives.

The government funding is subject to Memoranda of Understanding with the Ministry that define how the funds must be invested and distributed.

1. Significant accounting policies:

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles applied within the framework of the significant accounting policies summarized below:

(a) Revenue recognition:

OTF follows the deferral method of accounting for contributions, which include government funding. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Externally restricted contributions are deferred and recognized as revenue in the year in which the related expenses are incurred.

Investment income is recorded on the accrual basis.

(b) Investments:

Short-term investments, treasury bills and bankers' acceptances are classified as held-for-trading investments. Short-term investments are carried at fair market value as determined at the fiscal year end based on market values for the debt securities.

Transaction costs that are directly attributable to the acquisition of investments are not considered significant and are expensed when paid.

Investment purchase and sale transactions are accounted for on the settlement date.

ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements (continued)

Year ended March 31, 2008

1. Significant accounting policies (continued):

(c) Grants:

Grants are recorded as expenses in the year that the Foundation approves the grant.

(d) Expenses:

Departmental expenses are allocated between grantmaking and support services based on the percentage of each department's activities devoted to these activities.

(e) Capital assets:

Capital assets are recorded at cost less accumulated amortization. Amortization is provided on a straight-line basis over the following periods:

Furniture and fixtures	5 years
Computer hardware	3 years
Computer software	1 year
Leasehold improvements	Over term of lease

(f) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the year. Actual results could differ from those estimates.

ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements (continued)

Year ended March 31, 2008

2. Change in accounting policy:

Effective April 1, 2007, OTF adopted the recommendations of The Canadian Institute of Chartered Accountants' ("CICA") Handbook Section 3855, Financial Instruments - Recognition and Measurement, and Section 3861, Financial Instruments - Disclosure and Presentation. Section 3855 establishes standards for recognizing and measuring financial instruments, including the accounting treatment for changes in fair value. As required by Section 3855, investments are presented at fair value. As permitted by Section 3855, OTF's other financial assets and liabilities continue to be presented at amortized cost, which approximates fair value.

The adoption of Sections 3855 and 3861 did not have a significant impact on the financial statements in the current year.

3. Future accounting change:

The following summarizes a future accounting change that will be relevant to OTF's financial statements subsequent to March 31, 2008:

Financial instruments - Disclosure:

The CICA has issued two new accounting standards on financial instruments that revise and enhance the current disclosure requirements but do not change the existing presentation requirements for financial instruments. These new standards will be effective for OTF commencing April 2008. The new disclosures will provide additional information on the nature and extent of risks arising from financial instruments to which OTF is exposed and how it manages those risks.

ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements (continued)

Year ended March 31, 2008

4. Investments:

Investments, at market value, are as follows:

	2008	2007
Treasury bills	\$ 75,169,395	\$ 101,654,305
Bankers' acceptances	20,014,914	—
Deposit notes	13,373,520	—
	<u>\$ 108,557,829</u>	<u>\$ 101,654,305</u>

All investments are in fixed income securities and mature within the next three months (2007 - four months). These investments bear interest from 1.9% to 3.6% (2007 - 4.12% to 4.5%).

Risk management relates to the understanding and active management of risks associated with all areas of the business and the associated operating environment. Investments are primarily exposed to interest rate, credit and market risks. OTF has formal policies and procedures in place to address these risks.

Interest rate risk arises from the possibility that changes in interest rates will affect the value of fixed income securities held by OTF. OTF manages this risk by holding debt issued by the Government of Canada and large Canadian banks, and by staggering the terms of the securities held.

5. Capital assets:

			2008	2007
	Cost	Accumulated amortization	Net book value	Net book value
Furniture and fixtures	\$ 765,681	\$ 664,435	\$ 101,246	\$ 118,511

9. Indemnification of officers and directors:

OTF has indemnified its past, present and future directors, officers, employees and volunteers against expenses (including legal expenses), judgements, and any amount actually or reasonably incurred by them in connection with any action, suit or proceeding in which the directors are sued as a result of their service, if they acted honestly and in good faith with a view to the best interests of OTF. The nature of the indemnity prevents OTF from reasonably estimating the maximum exposure. OTF has purchased directors' and officers' liability insurance with respect to this indemnification.

10. Financial instruments:

The carrying values of cash, accrued interest and other, accounts payable and accrued liabilities and grants payable approximate their fair values due to the relatively short periods to maturity of these items or because they are receivable or payable on demand.

The fair value of investments is disclosed in note 4.

11. Comparative figures:

Certain comparative figures have been reclassified to conform with the financial statement presentation adopted in the current year.

Madame la ministre,

Au nom du conseil d'administration de la Fondation Trillium de l'Ontario (FTO), j'ai le plaisir de vous présenter notre rapport annuel pour l'exercice 2007-2008.

Ce document contient un bref exposé des objectifs que la Fondation est parvenue à atteindre. Il comprend aussi une liste des subventions octroyées ainsi que les états financiers vérifiés. Nous avons décidé d'y inclure la liste des premiers bénéficiaires de notre Fonds pour l'avenir ainsi que certains des lauréats des Prix d'excellence pour les subventions bien méritées 2007 ayant apporté une contribution marquante grâce à leur subvention de la FTO.

La Fondation Trillium de l'Ontario favorise l'épanouissement de communautés saines et dynamiques dans l'ensemble de la province, en investissant dans des initiatives communautaires qui renforcent les capacités des organismes dans les secteurs des arts et de la culture, de l'environnement, des services sociaux et des sports et des loisirs. Nous sommes très reconnaissants des cinq millions de dollars supplémentaires que nous avons reçus en 2007. Ils nous ont permis de concentrer nos efforts sur notre nouvelle initiative de Fonds pour l'avenir, d'augmenter le montant maximum de nos subventions d'immobilisations et d'intensifier notre soutien de la croissance des communautés ontariennes.

De notre conseil d'administration à nos équipes d'évaluation bénévoles, en passant par notre personnel compétent et engagé, nous ressentons tous une certaine fierté collective à l'égard de la performance soutenue de la FTO dont ce rapport fait état.

Nous apprécions la relation de travail efficace que votre ministère entretient avec la Fondation Trillium de l'Ontario et nous espérons pouvoir poursuivre cette importante collaboration pendant longtemps.

Veuillez agréer, Madame la ministre, l'expression de nos meilleurs sentiments.

Message de la présidente Helen Burstyn

Ce fut pour moi à la fois un grand plaisir et un honneur d'exercer le rôle de présidente de la Fondation Trillium de l'Ontario durant l'année de son 25^e anniversaire. Et quel remarquable anniversaire ce fut! Tout aussi remarquable que ces 25 années passées à promouvoir des communautés saines et dynamiques, que nous venons de célébrer.

Au fil des ans, le rôle de la FTO est devenu encore plus pertinent aujourd'hui que lorsque la Fondation fut créée par le gouvernement de l'Ontario en 1982. Nous devons notre succès aux communautés que nous servons, aux bénéficiaires de subventions que nous soutenons, aux bénévoles qui donnent tant d'eux-mêmes, au personnel qui fait de nous ce que nous sommes et qui nous soutient, et au gouvernement provincial, notre seul bailleur de fonds, qui renouvelle ses fonds octroyés à la Fondation et qui les a récemment augmentés en reconnaissance de

l'importance de notre travail.

Au printemps 2007, le gouvernement de l'Ontario a réaffirmé son engagement envers la FTO en augmentant son budget de cinq millions de dollars, passant ainsi à 105 millions de dollars, dans le cadre de la première phase d'une augmentation prévue de 20 pour cent par an. La Fondation a profité de cette occasion pour accroître ses activités dans les communautés de toute la province et pour concentrer ses efforts de façon plus stratégique.

En partie grâce à cette augmentation de budget, la FTO a pu élever le montant maximum de ses subventions d'immobilisation de manière à mieux répondre aux besoins croissants pour ce type de subventions.

Deux millions de dollars ont été affectés à un nouveau fonds entièrement destiné à favoriser l'épanouissement des communautés ontariennes. Ce nouveau fonds de la FTO, intitulé Fonds pour l'avenir, nous a permis de mettre à profit les connaissances inestimables acquises lors de notre étude du secteur de l'environnement de l'Ontario. Donnant directement suite à cette étude, le Fonds pour l'avenir 2007 a concentré ses efforts afin de renforcer l'influence des organismes sans but lucratif de l'Ontario impliqués dans le domaine environnemental et pour encourager une meilleure collaboration entre les grands organismes et les organismes plus modestes de ce secteur.

En 2007-2008, la Fondation a investi 100 306 100 \$ dans 1 561 subventions accordées à des organismes de bienfaisance et sans but lucratif des principaux secteurs que nous finançons dans l'ensemble de la province. Nous avons notamment :

- consacré plus de 43,5 millions de dollars à des subventions du secteur des services sociaux;
- appuyé le secteur des sports et des loisirs à raison de près de 22 millions de dollars en subventions;
- revigoré le secteur des arts et de la culture en y injectant plus de 22 millions de dollars;
- versé plus de 12,3 millions de dollars au secteur sans but lucratif de l'environnement.

Les programmes, les projets et les services que nous finançons font l'objet de bénéfices inestimables pour nos communautés. Ils permettent aux jeunes d'acquérir des compétences, des connaissances et de la confiance. Ils aident à éliminer les obstacles liés à l'embauche des personnes qui ont un handicap. Ils engagent les membres des communautés à être plus actifs civiquement. Et ils sensibilisent la population sur des questions environnementales en encourageant des réponses.

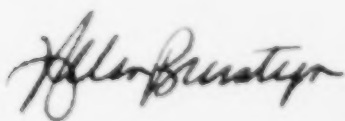

Célébrer notre 25^e anniversaire fut l'occasion de revenir sur notre histoire, mais aussi de nous tourner vers l'avenir. Forte de son expérience parmi les organismes subventionnaires ontariens les plus importants dans les secteurs sans but lucratif et de bienfaisance, la FTO a l'intention de renforcer son rôle de chef de file dans ces secteurs en multipliant les occasions de rallier davantage de bailleurs de fonds, de bénéficiaires et de groupes communautaires. En mettant à profit efficacement ses recherches, la FTO espère être encore plus utile aux organismes sans but lucratif, au gouvernement et aux autres groupes communautaires.

Les membres bénévoles de notre conseil d'administration et de notre équipe d'évaluation constituent un immense atout pour la Fondation. Je tiens à remercier chacun de mes collègues pour leur soutien constant et leur dévouement auprès des communautés de toute la province. Le mandat de Hugh O'Neil en tant que vice-président de la FTO prend malheureusement fin, et je souhaite lui exprimer toute ma gratitude et mes remerciements pour la contribution inestimable qu'il a apportée au sein de notre conseil d'administration. La Fondation doit une grande partie de son succès au temps et à l'énergie qu'il y a investi et je suis très fière d'avoir eu la chance de travailler à ses côtés.

J'aimerais remercier également l'honorable Aileen Carroll, ministre de la Culture, pour son soutien constant et enthousiaste envers la Fondation et sa mission d'épanouissement des communautés.

Les membres du personnel de la FTO, sous la direction du chef de la direction L. Robin Cardozo, sont respectés par tous pour leur professionnalisme, leur dynamisme, leurs connaissances et leur dévouement, et je tiens à les remercier pour leur formidable contribution.

Je suis très fière de faire partie d'un organisme qui contribue véritablement au bien-être des Ontariens. Au cours des 25 prochaines années, j'ai toute confiance que grâce à la créativité des communautés ontariennes et à la disponibilité des ressources de la Fondation, notre collaboration se poursuivra afin de favoriser l'épanouissement de communautés saines et dynamiques, tous ensemble.

Message du chef de la direction

L. Robin Cardozo

À tous égards, le 25^e anniversaire de la Fondation Trillium de l'Ontario a été l'un des plus remarquables de toute l'histoire de notre organisme.

Reconnaissant l'important travail que nous réalisons, le gouvernement de l'Ontario a augmenté son aide financière de 100 à 105 millions de dollars, dans une première phase de l'extension prévue à 120 millions de dollars par an.

En plus d'avoir organisé la plus grande cérémonie biennale de remise des Prix d'excellence pour les subventions bien méritées à ce jour, nous l'avons rendue mobile. Pour la première fois, 16 événements de remise de prix ont eu lieu dans l'ensemble de la province pour rendre hommage à près de 100 bénéficiaires extraordinaires. Quel moyen formidable pour nous d'élargir notre portée dans les communautés que nous desservons,

tout en donnant l'occasion aux bénéficiaires primés de fêter l'événement au milieu de leurs pairs et des membres de leur communauté!

Toronto a également accueilli une somptueuse cérémonie, où des prix spéciaux ont été décernés, à l'occasion de notre anniversaire, à plusieurs organismes sans but lucratif dont l'action contribue au bien-être des communautés ontariennes depuis 25 ans.

Ces cérémonies nous ont non seulement permis de faire connaître l'histoire de réussite de nos bénéficiaires, mais elles nous ont également donné l'occasion unique de faire participer nos bénévoles et les organismes communautaires à des ateliers de perfectionnement des compétences coïncidant à chaque événement. Au programme de ces ateliers : une discussion des principaux problèmes auxquels font face bon nombre d'organismes sans but lucratif, ainsi que des stratégies pratiques pouvant être mises en œuvre immédiatement. Les réactions ont été extrêmement positives, ce qui a confirmé la nécessité pour nous d'offrir davantage d'occasions de ce genre.

La conférence de perfectionnement professionnel de la Fondation, qui a eu lieu en 2007, a été l'occasion idéale pour les bénévoles et le personnel d'étudier comment suivre l'évolution rapide des communautés ontariennes et les aider au mieux à l'avenir. David Foot, démographe de renom, a exposé les difficultés et les possibilités auxquelles on peut s'attendre au cours des prochaines décennies, ce qui a servi de base à des discussions plus approfondies. Certains des sujets principaux évoqués ont même été repris afin d'élaborer le chemin critique de la Fondation.

La FTO réalise régulièrement des études pour guider ses activités d'attribution de subventions. Notre étude sur le secteur de l'environnement de l'Ontario nous a aidés à déterminer notre première initiative de Fonds pour l'avenir, qui a reçu deux millions de dollars pour sa première année. En découvrant les besoins du secteur de l'environnement et l'importance du rôle que la FTO joue en tant que principal investisseur, notre conviction de devoir faire plus s'est confirmée. C'est pourquoi nous avons invité les organismes environnementaux sans but lucratif à se regrouper en collaborations innovantes et à demander une subvention de Fonds pour l'avenir afin de renforcer le secteur.

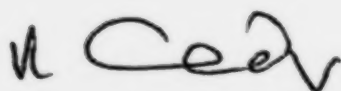

Nous avons obtenu une réaction phénoménale. C'est avec plaisir que nous avons octroyé cinq subventions à des groupes représentant près de 100 organismes environnementaux sans but lucratif participants, établis en Ontario. Nous continuerons de fournir au secteur le financement dont il a tant besoin dans les années à venir.

Le partage de connaissances nous tient particulièrement à cœur, c'est pourquoi nous avons décidé de réaliser une étude sur les difficultés éprouvées par six communautés ontariennes afin de déterminer ce que nous pourrions améliorer pour soutenir l'important travail réalisé par les groupes communautaires. Les résultats ont indiqué que, bien que les petites villes soient effectivement aux prises avec des problèmes majeurs, il est intéressant de constater que nombre d'entre elles s'attellent à la tâche en impliquant leurs communautés de manière créative. Notre étude a révélé des histoires d'innovation, de persévérance et de promesses. Nous nous réjouissons à l'idée de partager les résultats complets de nos recherches au cours de l'année à venir.

Je tiens à remercier le conseil d'administration bénévole ainsi que les membres de l'équipe d'évaluation des demandes de subvention de la FTO pour leurs efforts inestimables. Je remercie également notre présidente, Mme Helen Burstyn, dont la vision et les formidables compétences de dirigeante ont grandement contribué à nos progrès. C'est avec regret que nous voyons prendre fin cette année le mandat de Hugh O'Neil en tant que vice-président, rôle qu'il a su assumer pendant les quatre dernières années avec passion, sagesse et bonne humeur. Nos bénévoles jouent un rôle essentiel dans la Fondation ainsi que dans sa réussite.

J'aimerais également remercier tout particulièrement le personnel énergique, talentueux et créatif de la FTO. Je suis fier d'être à la tête d'une telle équipe de professionnels et je leur suis reconnaissant de leur soutien continu.

Cette année a été l'occasion pour nous de revenir sur les nombreuses réussites de ces 25 dernières années et de récompenser des organismes plus que méritants. Nous avons pu remercier nos vaillants bénévoles et employés pour leur contribution. Nous sommes revenus sur notre passé, nous avons aussi envisagé notre futur. À la Fondation Trillium de l'Ontario, nous abordons l'avenir avec optimisme et nous avons hâte de poursuivre nos efforts pour favoriser l'épanouissement de communautés saines et dynamiques dans l'ensemble de notre merveilleuse province.

RESPONSABILITÉ, IMPACT ET EFFICACITÉ ORGANISATIONNELLE

La Fondation Trillium de l'Ontario

Aperçu des réalisations de 2007-2008

Le plan d'activités annuelles de la Fondation Trillium de l'Ontario englobe trois buts principaux dont chacun est appuyé par des objectifs. Le compte rendu suivant fait la synthèse des réalisations de l'organisme liées à ses buts et ses objectifs.

BUT 1 : Faire des investissements qui favorisent l'épanouissement de communautés saines et dynamiques et renforcer les capacités du secteur bénévole

OBJECTIF 1 : Accorder des subventions qui nous permettent de réaliser nos priorités

Réalisations :

- Le budget des subventions de l'année écoulée a été attribué à 100 p. 100, par programme et par région géographique.
- Les cibles de subventions par catégorie de secteur d'attribution ont été atteintes : 22 p. 100 pour le secteur des arts et culture; 11 p. 100 pour le secteur de l'environnement; 44 p. 100 pour le secteur des services sociaux et 23 p. 100 pour le secteur des sports et loisirs.
- Augmentation des subventions accordées par la FTO au secteur de l'environnement : de 7,6 millions de dollars pour l'exercice 2005-2006, on est passé à 8,2 millions en 2006-2007 pour atteindre 12,4 millions (en incluant le Fonds pour l'avenir) en 2007-2008.
- Les cibles de subvention ont été atteintes dans les quatre secteurs prioritaires.

OBJECTIF 2 : améliorer les répercussions des subventions de la FTO

Réalisations :

- La mise en œuvre de l'étude de l'année précédente concernant le secteur de l'environnement a commencé. On a tout particulièrement insisté sur les répercussions et les résultats précis à long terme liés à ce secteur. Un résultat clé de cette insistance est le nouveau Fonds pour l'avenir qui vise à renforcer le secteur de l'environnement de l'Ontario en encourageant l'innovation et la collaboration.
- L'étude de recherche Petites villes : Grand impact est en cours. Elle permettra d'évaluer les répercussions des subventions de la FTO à l'échelle des collectivités. Les résultats devraient être publiés pendant l'année 2008-2009.
- On a commencé le travail pour établir les moyens de mesurer la santé et le dynamisme des collectivités.
- Poursuite du travail mené sur l'identification des indicateurs d'aboutissement et de résultats des subventions dans les domaines prioritaires de la Fondation.

- Chaque tranche de 10 \$ accordée comme subvention lors des trois dernières années a rapporté 18,90 \$ en heures de bénévolat, en contributions non financières et sous forme de financements directs provenant d'autres sources.

David Crombie et Sylvie Bigras, membre du conseil d'administration de la FTO étaient maîtres de cérémonie lors de l'événement célébrant le 25e anniversaire de la FTO

OBJECTIF 3 : renforcer la Fondation dans son rôle de chef de file et de rassembleur

Réalisations :

- Les plus importants événements de rassemblement de cette année ont été le colloque biennal de perfectionnement professionnel de la FTO tenu en novembre 2007 et la remise des Prix d'excellence pour les subventions bien méritées qui a eu lieu dans l'ensemble de la province à l'automne 2007.
- Dans le cadre de la célébration des 25 ans de la FTO, vingt ateliers de perfectionnement professionnels ont été organisés à l'échelle régionale.
- Une manifestation réussie du 25e anniversaire de la FTO, qui a souligné les réalisations de l'organisme et des bénéficiaires de subventions, s'est déroulée en novembre 2007.
- Une stratégie provisoire de gestion des connaissances a été élaborée pour partager les connaissances et aider le secteur bénévole à mettre en commun les renseignements.
- Tout au long de l'année écoulée, la FTO a participé activement à des discussions collectives entre bailleurs de fonds au sujet du renforcement des capacités et du perfectionnement en leadership.

OBJECTIF 4 : amélioration de l'équité et de l'accessibilité des subventions de la FTO

Réalisations :

- Une démarche de sensibilisation a été menée pour encourager les populations insuffisamment desservies et défavorisées à faire des demandes de subvention. Ces populations englobent les Autochtones, les Francophones, les minorités ethnoculturelles et raciales, les groupes ruraux et les résidents du nord de l'Ontario.
- Augmentation des subventions accordées aux collectivités des Premières nations, des Métis et des Autochtones. Les subventions de ces collectivités sont passées de 3 millions de dollars en

(de gauche à droite) Stan Beatty, Grand chef, Nation Nishnawbe Aski; James Bartleman, ancien lieutenant-gouverneur de l'Ontario; et L. Robin Cardozo, chef de la direction, FTO

2005–2006 à 4,8 millions en 2006–2007 pour atteindre les 6,5 millions de dollars en 2007–2008 (ces chiffres n'incluent pas les subventions qui ont bénéficié simultanément à plusieurs collectivités).

- Augmentation des financements aux fins de subventions d'immobilisations dans les régions géographiques à moindre budget.
- Pour faire suite aux suggestions des candidats, le service à la clientèle a été amélioré par un envoi plus rapide des réponses aux candidats dont la demande de subvention a été refusée.

BUT 2 : terminer l'étude stratégique du conseil d'administration en vue d'accroître l'influence de la Fondation et appliquer les résultats de cette étude

Tirant parti des résultats des discussions stratégiques du conseil d'administration de la FTO, la Fondation a mis en œuvre, en 2007–2008, les changements suivants en matière de stratégies de subvention :

- Le Fonds pour l'avenir a été élaboré et mis en application et la première série de subventions a été acceptée, ce qui a injecté 2 millions de dollars en financement dans le secteur de l'environnement.
- Les besoins en financement des immobilisations ont été comblés en haussant la limite des subventions d'immobilisations à 150 000 \$.
- Attribution de fonds supplémentaires pour les subventions, y compris pour les subventions d'immobilisations à la suite d'une augmentation du crédit accordé par le gouvernement de l'Ontario.

BUT 3 : améliorer l'efficacité organisationnelle

Les mesures prises en 2007–2008 par la FTO pour maintenir son haut niveau d'administration, d'activités et de pratiques en subventions sont les suivantes :

- La vérification annuelle de la régularité des bénéficiaires a été effectuée, les recommandations des vérifications internes antérieures ont été appliquées et de nouveaux projets de vérification interne ont commencé.
- Pour souligner la reconnaissance de ses pratiques administratives, la FTO a été placée, par la Conference Board of Canada, en tête de liste des entreprises les mieux administrées dans le cadre prestigieux des Prix nationaux en gouvernance. La FTO a en outre reçu le prix Diversity in Governance de la fondation Maytree pour la diversité culturelle de son conseil d'administration et de ses équipes régionales d'évaluation des demandes de subvention.

- Maintien d'un niveau élevé de rentabilité.
- Lancement d'un projet pluriannuel d'amélioration des activités dans le cadre du perfectionnement permanent de la prestation électronique des services.
- Maintien et amélioration de la stratégie de communication prospective de la Fondation. Parmi les exemples concrets de réalisations, on note l'animation de plus de 750 événements de reconnaissance des bénéficiaires, un investissement supérieur à 1,2 millions de dollars en couverture médiatique et, pour la troisième année consécutive, l'obtention d'un prix de la Council on Foundations pour la qualité du site web de la FTO.
- Réussite d'un colloque de perfectionnement professionnel tenu en novembre 2007 et accompagnée d'un niveau élevé de satisfaction des participants.
- Création d'une ébauche de plan d'intervention en cas de pandémie aux fins d'évaluation et de formation internes au cours des prochaines années.

Vision

La Fondation Trillium de l'Ontario joue un rôle de catalyseur afin de permettre aux Ontariennes et aux Ontariens de travailler ensemble pour améliorer la qualité de vie de leur communauté. Nous croyons que toutes les communautés de l'Ontario débordent de talent, de créativité et d'énergie, et que nos subventions encouragent les communautés à développer ces atouts.

Mission

Favoriser l'épanouissement de communautés saines et dynamiques en Ontario, en investissant dans des initiatives communautaires qui renforcent les capacités du secteur bénévole.

Valeurs fondamentales et principes directeurs

Les valeurs fondamentales et principes directeurs ci-dessous guident la Fondation dans son travail et imprègnent sa culture organisationnelle. Nos bénévoles et notre personnel mettent tout en oeuvre pour que ces valeurs se reflètent dans leurs actions et leurs relations de travail.

Responsabilité et transparence

Nous apprécions la confiance que le gouvernement de l'Ontario nous accorde et avons des mesures de contrôle rigoureuses pour protéger les fonds publics que nous recevons. Grâce à nos programmes de communication et nos procédés opérationnels, nos lignes directrices et nos décisions concernant les subventions sont transparentes et accessibles au public.

Excellence

Nous avons la profonde conviction que notre travail améliore la qualité de vie des gens en Ontario. Par conséquent, nous cherchons à répondre aux normes d'excellence professionnelle les plus élevées.

Leadership des bénévoles et du personnel

Notre leadership repose sur un personnel compétent qui travaille en partenariat avec des bénévoles bien informés qui comprennent les besoins des communautés dans leur région. Les pratiques de ressources humaines établies pour le personnel et les bénévoles favorisent cette fructueuse synergie.

Inclusion et innovation

Dans nos politiques et programmes, nous reconnaissons la diversité et le dynamisme de la population ontarienne ainsi que la diversité des besoins locaux dans la province. Nous soutenons des initiatives novatrices qui répondent aux besoins réels, variés et changeants des communautés de l'Ontario.

Intégrité et respect

Dans notre processus décisionnel, nos pratiques d'affaires et nos stratégies de communication, nous nous laissons guider par les principes d'honnêteté, d'intégrité et d'équité. Nous traitons tous nos intervenants avec respect, y compris les bénévoles, les membres du personnel, les demandeurs de subvention et le public.

Efficacité et impact

Nous sommes déterminés à bien investir les fonds publics et à réduire au maximum le coût de nos procédés d'octroi et de contrôle des subventions. Nous mesurons et évaluons constamment les résultats des initiatives que nous subventionnons.

Nos priorités en matière de subventions

La Fondation Trillium de l'Ontario favorise l'épanouissement de communautés saines et dynamiques en investissant dans des initiatives communautaires qui renforcent les capacités des organismes dans les secteurs des arts et de la culture, de l'environnement, des services sociaux et des sports et loisirs.

En particulier, la Fondation appuie de façon prioritaire les organismes qui aident les Ontariennes et les Ontariens à réaliser leur plein potentiel dans les domaines ci-dessous.

La réussite des étudiants et apprenants

Une communauté saine et dynamique dépend des compétences et des connaissances de ses membres. Que ces connaissances et compétences soient acquises en bas âge lorsque les enfants font leur entrée à l'école ou plus tard dans la vie, il est essentiel que les personnes de tout âge et de toute capacité soient prêtes à apprendre. C'est pourquoi la Fondation Trillium de l'Ontario accorde la priorité aux initiatives qui :

- offrent des possibilités d'apprentissage au sein de la communauté et créent des conditions de succès pour les personnes de tout âge et de toute capacité;
- aident à préparer les enfants et adolescents à réussir.

Cela comprend, notamment, ajouter à l'éventail des expériences d'apprentissage des enfants et

adolescents, les aider à persévérer et à réussir leurs études, préparer les jeunes enfants à apprendre, donner aux enfants et aux adolescents des occasions de croissance personnelle et fournir des ressources et activités susceptibles d'améliorer le niveau d'alphabétisme des adultes.

Une population en meilleure santé et plus active

La Fondation Trillium de l'Ontario veut encourager les Ontariennes et les Ontariens à adopter des modes de vie plus sains, à améliorer d'autres facteurs déterminants de la santé, tels que la qualité de l'air et de l'eau, et à fournir aux gens des occasions d'améliorer leur santé et leur bien-être. À cette fin, la FTO accorde la priorité aux initiatives qui :

- incitent à l'activité physique les personnes de tout âge et de toute capacité;
- créent des loisirs pour les personnes de tout âge et toute capacité;
- améliorent et protègent la santé humaine et la salubrité des écosystèmes;
- créent des conditions favorisant chez les gens un état de santé et de bien-être maximal;
- favorisent la tenue d'activités culturelles et artistiques pour les gens de tout âge et de toute capacité.

Nos priorités en matière de subventions (suite)

Cela comprend, notamment, promouvoir et accroître l'activité physique, augmenter et soutenir les programmes de loisirs, aider les communautés à s'engager à protéger l'environnement naturel, appuyer les systèmes qui gardent les gens en bonne santé, aider au maintien de communautés artistiques dynamiques, ainsi que célébrer et conserver le patrimoine.

De meilleures possibilités d'emploi et de développement économique pour les travailleurs et leurs familles

La Fondation Trillium de l'Ontario finance des initiatives novatrices qui stimulent la croissance économique. À cette fin, la FTO accorde la priorité aux demandes susceptibles d'aider les organismes à acquérir des compétences, à créer des emplois et à améliorer le potentiel économique de leur communauté grâce à des initiatives qui :

- facilitent l'acquisition de compétences et améliorent les possibilités d'emploi;
- préservent et favorisent un environnement vert;
- renforcent l'économie de la communauté;
- contribuent à l'essor de la communauté et à la réalisation de sa vision.

Cela comprend, notamment, augmenter les possibilités d'emploi des personnes qui se heurtent à des obstacles, dont les peuples autochtones, les personnes ayant un handicap et les jeunes à risque, renforcer les organismes et appuyer les

initiatives qui favorisent un environnement durable, soutenir la vitalité économique de la communauté et encourager la planification communautaire.

Des bénévoles plus efficaces et davantage de personnes travaillant au bien-être de leur communauté

Les bénévoles sont le pilier des communautés saines et solidaires où règnent sécurité, propreté et dynamisme. Et fournir aux gens l'occasion de participer activement aux activités ou programmes offerts dans leur communauté contribue également à une telle situation. Ainsi, la FTO finance les initiatives qui :

- créent des conditions susceptibles d'accroître l'engagement communautaire des personnes de tout âge, de toute capacité et de toute culture;
- favorisent l'engagement bénévole des gens de tout âge, de toute capacité et de toute culture;
- renforcent le secteur bénévole.

Cela comprend, notamment, favoriser la communication et la sensibilisation communautaires, promouvoir et augmenter le bénévolat, surtout chez les jeunes, améliorer les capacités du secteur bénévole et l'inciter à la pensée stratégique et à l'innovation, et renforcer les capacités des organismes de bienfaisance et sans but lucratif.

BÂTIR DES COMMUNAUTÉS SAINES ET DYNAMIQUES

Subventions principales

Lauréats des Prix d'excellence pour des subventions bien méritées 2007-2008

Tous les deux ans, la FTO récompense les organismes sans but lucratif exceptionnels de l'Ontario en leur remettant un Prix d'excellence pour les subventions bien méritées. Les lauréats sont sélectionnés parmi des milliers de groupes ayant reçu une subvention de la Fondation et représentent des organismes illustrant l'excellence, l'innovation et des qualités de meneur dans leurs efforts pour favoriser l'épanouissement de communautés saines et dynamiques dans toute la province.

À l'occasion du 25e anniversaire de la FTO, les lauréats de 2007 ont été choisis parmi plus de 10 000 groupes ayant reçu des subventions ces 25 dernières années. Les remarquables organismes cités ci-dessous ne représentent qu'un échantillon des lauréats récompensés lors des cérémonies de remise des Prix d'excellence pour les subventions bien méritées qui ont eu lieu partout dans la province.

Environnement

The Northwestern Ontario Conservation Partnership a/s Rainy Lake Conservancy, Fort Frances

Prix d'excellence pour les subventions bien méritées

Le nord-ouest de l'Ontario est une région qui regorge de ressources et de splendeurs naturelles. Les organismes Conservation de la nature Canada, Rainy River Valley Field Naturalists et Rainy Lake Conservancy, l'organisme directeur de cette collaboration, entendent bien qu'il en demeure ainsi.

Grâce à la subvention de la Fondation Trillium de l'Ontario au montant de 48 900 \$, échelonnée sur deux ans, cette initiative conjointe a permis d'identifier et de protéger d'importants éléments du patrimoine naturel. Elle a en outre été en mesure d'aménager le Cranberry Peatlands Interpretive Trail, un sentier parcourant les marais du canton d'Alberton. Les résidents aussi bien que les visiteurs pourront en profiter durant plusieurs générations.

La Rainy Lake Conservancy, meneur de cette collaboration a déjà obtenu deux subventions de la FTO. C'est un petit group environnemental au budget annuel de moins de 10 000 \$ et qui a néanmoins 200 membres et 30 bénévoles. Cet important projet a également établi pour la première fois dans une seule province, un deuxième bureau Nature Conservancy of Canada.

Phyllis Callaghan de The Rainy Lake Conservancy et ses collègues de the Nature Conservancy of Canada (centre) acceptent le Prix du 25e anniversaire du (à gauche) vice-président du conseil d'administration, Hugh O'Neil, et de la ministre de la culture de l'Ontario Aileen Carroll, et (à droite) Helen Burstyn présidente de la Fondation Trillium de l'Ontario et le chef de la direction de la FTO Robin L. Invitation: The Quilt of Belonging

Prix du président de l'équipe d'évaluation des demandes de subvention - Champlain

En 2003, la FTO a versé plus de 55 000 \$ à un groupe impliqué dans la réalisation d'un projet tout à fait unique. « Fibres du monde » est le plus ambitieux projet d'art textile au Canada.

Cette courtépointe est faite entièrement par des bénévoles de Victoria jusqu'à Terre-Neuve, en passant par le cercle arctique. Des gens ont été invités, sur une période de plusieurs années, à y prêter leurs talents et leurs idées. On y retrouve toutes sortes de carrés : certains en peau de phoque, d'autres en bogolan, d'autres encore en soie brodée. Les 263 carrés représentent toutes les Premières nations du Canada et toutes les nations du monde. Il a fallu plus de 40 000 heures de travail bénévole pour achever cette œuvre réellement représentative de notre pays.

La courtépointe fait une tournée de cinq ans partout au Canada. Elle a récemment été montrée à Houston, au Texas, à l'occasion du Festival international de la courtépointe.

Peace Bridge Newcomer Centre

Prix de la présidente de l'équipe d'évaluation des demandes de subvention - Ontario

Prix d'excellence pour les subventions bien méritées - Niagara

Immigrer ou être forcé de fuir un pays peut être une expérience difficile, voir déchirante. Le Peace Bridge Newcomer Centre de Fort Erie, le premier en son genre au Canada, accueille les réfugiés et les immigrants et les aide à s'intégrer dans la société canadienne.

En 2006, la Fondation Trillium de l'Ontario accordait au Peace Bridge Newcomer Centre 150 000 \$, échelonnés sur 2 ans, pour qu'il puisse continuer à offrir des services d'appui intégrés. Le financement de la Fondation a permis au Centre d'élaborer un plan d'opération et de monter une base de données sur les utilisateurs, tout en coordonnant de meilleurs services de soutien.

Subventions principales (suite)

Depuis son ouverture en décembre 2002, dans une caravane temporaire, le Centre a fourni une assistance à près de 15 000 adultes et enfants. Le Centre encourage les membres à s'installer dans la péninsule de Niagara de façon permanente dans l'espoir que des immigrants hautement qualifiés décident d'y rester.

Rendez-vous des aînés francophones d'Ottawa

Prix d'excellence pour les subventions bien méritées – Champlain et Ontario

En 2001, un groupe d'anciens, francophones et actifs, a formé le rendez-vous des aînés francophones d'Ottawa pour fournir des activités sociales, divertissantes et éducatives aux francophones de la région. Avec beaucoup de travail, le groupe a acheté une école qu'il a transformée en centre pour les anciens.

En 2005, la Fondation Trillium de l'Ontario a accordé au Rendez-vous des aînés francophones d'Ottawa une subvention de 90 000 \$, échelonnée sur trois ans, pour l'aider à consolider et à étendre ses activités. Depuis 2 ans, le centre a vu le nombre de ses membres passer à plus de 600. L'organisme a fort bien réussi à élaborer une variété de programmes qui incluent des ateliers, des cours d'expression artistique, des clubs de marche et des excursions.

L'esprit de bénévolat est présent partout dans le centre. Ces 3 dernières années, le groupe de bénévoles est passé d'une poignée de membres passionnés qui constituaient le conseil à plus de 110 personnes engagées. Le centre organise en ce moment un service de transport bénévole qui va certainement améliorer l'accès à ses programmes et services.

Marcel Gibeault, président du Rendez-vous des aînés francophones d'Ottawa accepte le Prix du 25e anniversaire du (à gauche) vice-président du conseil d'administration, Hugh O'Neil, et de la ministre de la culture de l'Ontario Aileen Carroll, et (à droite) Helen Burstyn présidente de la Fondation Trillium de l'Ontario et le chef de la direction de la FTO Robin L. Cardozo

L'avenir de l'Ontario est tout vert

En 2007, le conseil d'administration de la Fondation Trillium de l'Ontario a créé un nouveau fonds afin de favoriser un avenir florissant pour les communautés de la province.

Au cours de sa première année, le Fonds pour l'avenir a soutenu la croissance et l'efficacité du secteur de l'environnement de l'Ontario en encourageant un esprit de collaboration parmi les organismes établis afin qu'elles puissent partager leur expertise avec des groupes locaux de taille plus modeste.

Les cinq organismes suivants sont les premiers bénéficiaires de ce Fonds pour l'avenir. Ils représentent l'équivalent de 100 organismes environnementaux sans but lucratif participants, établis en Ontario.

Rapport sur le rendement financier de la Fondation

La Fondation Trillium de l'Ontario, le 31 mars 2008

- Au cours de l'exercice 2007-2008, la Fondation Trillium de l'Ontario a reçu 105 millions \$ du ministère de la Culture dans le cadre de ses programmes de subventions (dont seulement 104,3 millions \$ sont comptabilisés à l'état des résultats d'exploitation, alors que le montant résiduel de 700 000 \$ est inscrit au poste des contributions reportées, lesquelles seront déboursées au cours du prochain exercice). Les autres recettes proviennent des revenus de placements (7,0 millions \$) et des fonds rendus disponibles en raison de l'annulation de certaines subventions (1,4 million \$).
- De cette somme, 100,3 millions \$ ont été engagés à titre de subventions; les frais liés à l'octroi des subventions et aux services de soutien totalisent ensemble 12,4 millions \$.
- Au 31 mars 2008, la Fondation détenait en placements une somme d'environ 108,6 millions \$, en titres à revenu fixe (bons du trésor à court terme, acceptations bancaires et billets de dépôt. L'essentiel de ces fonds (102,7 millions \$) sont engagés dans le cadre de subventions pluriannuelles; ces sommes sont investies de manière à optimiser les revenus d'intérêts pour la Fondation. Les placements de la Fondation sont gérés par l'Office ontarien de financement.
- Les fonds déboursés à titre de subvention peuvent être récupérés ou les déboursés futurs annulés lorsque les circonstances ont changé (par exemple, en regard des activités planifiées, de la révision des budgets, etc.) ou lorsque les conditions ou les objectifs de rendement liés à une subvention ne sont pas respectés.
- L'actif net accumulé à la clôture de l'exercice se chiffrait presque à 2,6 millions \$, dont environ 500 000 \$ ont été investis en immobilisations; l'actif non affecté s'élevait à quelque 2,0 millions \$.

Le travail bénévole constitue une importante contribution au fonctionnement de la Fondation. En raison de la difficulté d'y attacher une valeur monétaire, ces apports ne sont pas inscrits à ses états financiers.

- En avril 2008, la Fondation a reçu une somme de 110 millions \$ du ministère de la Culture, soit une hausse du financement obtenu de celui-ci par rapport à l'exercice précédent.

RAPPORT DES VÉRIFICATEURS

Au conseil d'administration de La Fondation Trillium de l'Ontario

Nous avons vérifié le bilan de La Fondation Trillium de l'Ontario au 31 mars 2008 et les états des résultats, de l'évolution des actifs nets et des flux de trésorerie de l'exercice terminé à cette date. La responsabilité de ces états financiers incombe à la direction de la Fondation. Notre responsabilité consiste à exprimer une opinion sur ces états financiers en nous fondant sur notre vérification.

Notre vérification a été effectuée conformément aux normes de vérification généralement reconnues du Canada. Ces normes exigent que la vérification soit planifiée et exécutée de manière à fournir l'assurance raisonnable que les états financiers sont exempts d'inexactitudes importantes. La vérification comprend le contrôle par sondages des éléments probants à l'appui des montants et des autres éléments d'information fournis dans les états financiers. Elle comprend également l'évaluation des principes comptables suivis et des estimations importantes faites par la direction, ainsi qu'une appréciation de la présentation d'ensemble des états financiers.

À notre avis, ces états financiers donnent, à tous les égards importants, une image fidèle de la situation financière de la Fondation au 31 mars 2008 ainsi que des résultats de ses activités et de ses flux de trésorerie pour l'exercice terminé à cette date selon les principes comptables généralement reconnus du Canada. Conformément aux exigences de la *Loi sur les personnes morales* de l'Ontario, nous déclarons que, à notre avis, à l'exclusion de la modification de la méthode d'évaluation des instruments financiers, tel qu'il est indiqué à la note 2 afférente aux états financiers, ces principes ont été appliqués de la même manière qu'au cours de l'exercice précédent.

La Fondation Trillium de l'Ontario (la « Fondation » ou « FTO »), organisme du ministère de la Culture (le « Ministère »), est soutenue financièrement par le gouvernement de l'Ontario. La FTO a entrepris ses activités à titre d'organisme sans lien de dépendance avec le gouvernement de l'Ontario le 23 août 1982 et a été constituée sans capital-actions en vertu des lois de l'Ontario selon des lettres patentes datées du 17 novembre 1982. L'objectif de la FTO consiste à créer des collectivités saines et dynamiques partout en Ontario en renforçant les capacités du secteur bénévole par des investissements dans les projets communautaires.

Le financement du gouvernement est assujéti à un protocole d'entente avec le Ministère qui établit la façon dont les fonds doivent être investis et distribués.

1. Principales conventions comptables

Les présents états financiers ont été dressés selon les principes comptables généralement reconnus du Canada appliqués dans le cadre des principales conventions comptables résumées ci-après :

a) Constatation des produits

La FTO suit la méthode du report pour comptabiliser les apports, qui comprennent le financement accordé par le gouvernement. Les apports non affectés sont constatés à titre de produits lorsqu'ils sont reçus ou comme montants à recevoir, s'ils peuvent faire l'objet d'une estimation raisonnable et s'il est raisonnablement assuré qu'ils seront reçus. Les apports grevés d'affectation d'origine externe sont reportés et constatés à titre de produits dans l'exercice au cours duquel les charges connexes sont engagées.

Les revenus de placement sont constatés selon la méthode de la comptabilité d'exercice.

b) Placements

Les placements à court terme, les bons du Trésor et les acceptations bancaires sont classés comme placements détenus à des fins de transaction. Les placements à court terme sont constatés à la juste valeur marchande, de la manière déterminée à la fin de l'exercice en fonction de la valeur de marché des instruments d'emprunt.

Les coûts de transaction qui sont directement attribuables à l'acquisition de placements ne sont pas considérés comme étant importants et ils sont passés en charges lorsqu'ils sont acquittés.

1. Principales conventions comptables (suite)

b) Placements (suite)

Les opérations d'achat et de vente de placements sont constatées à la date de règlement.

c) Subventions

Les subventions sont comptabilisées à titre de charges dans l'exercice au cours duquel la Fondation les approuve.

d) Charges

Les charges de chaque service sont réparties entre l'octroi de subventions et les services de soutien selon le pourcentage des activités de chaque service qui est consacré à ces activités.

e) Immobilisations

Les immobilisations sont constatées au coût, moins l'amortissement cumulé. L'amortissement est calculé de manière linéaire sur les périodes suivantes :

Mobilier et agencements	5 ans
Matériel informatique	3 ans
Logiciels	1 an
Améliorations locatives	Sur la durée du bail

f) Recours à des estimations

La préparation d'états financiers exige que la direction fasse des estimations et pose des hypothèses qui influent sur la valeur comptable des actifs et des passifs et sur les informations relatives aux actifs et passifs éventuels à la date des états financiers ainsi que sur la valeur comptable des produits et des charges de l'exercice. Les résultats réels pourraient différer de ces estimations.

2. Modification de convention comptable

Le 1^{er} avril 2007, la FTO a adopté les recommandations suivantes du *Manuel* de l'Institut Canadien des Comptables Agréés (« ICCA »), soit le chapitre 3855, « Instruments financiers - comptabilisation et évaluation » et le chapitre 3861, « Instruments financiers - informations à fournir et présentation ». Le chapitre 3855 établit des normes pour la comptabilisation et l'évaluation des instruments financiers, y compris le traitement comptable des variations de la juste valeur. Comme l'exige le chapitre 3855, les placements sont présentés à la juste valeur. Comme le permet le chapitre 3855, les autres actifs et passifs financiers de la FTO continuent d'être présentés au coût après amortissement, lequel se rapproche de la juste valeur.

L'adoption des chapitres 3855 et 3861 n'a pas eu d'incidence importante sur les états financiers de l'exercice considéré.

3. Modification comptable future

Ce qui suit résume la modification comptable future qui touchera les états financiers de la FTO postérieurement au 31 mars 2008 :

Instruments financiers - informations à fournir :

L'ICCA a publié deux nouvelles normes comptables portant sur les instruments financiers qui modifient et améliorent les obligations d'informations, en reprenant telles quelles les règles de présentation visant les instruments financiers. Ces nouvelles normes prendront effet à compter d'avril 2008 pour la FTO. Les nouvelles informations à fournir constitueront des informations supplémentaires sur la nature et l'ampleur des risques découlant des instruments financiers auxquels est exposée la FTO et la façon dont cette dernière gère ces risques

4. Placements

Les placements, présentés à la valeur marchande, sont les suivants :

	2008	2007
Bons du Trésor	75 169 395 \$	101 654 305 \$
Acceptations bancaires	20 014 914	—
Billets de dépôt	13 373 520	—
	108 557 829 \$	101 654 305 \$

LA FONDATION TRILLIUM DE L'ONTARIO

Notes afférentes aux états financiers (suite)

Exercice terminé le 31 mars 2008

4. Placements (suite)

Tous les placements sont effectués dans des titres à revenu fixe et ils viennent à échéance au cours des trois prochains mois (échéance de quatre mois en 2007). Ces placements portent intérêt à des taux variant de 1,9 % à 3,6 % (de 4,12 % à 4,5 % en 2007).

La gestion du risque se rapporte à la compréhension et à la gestion dynamique des risques associés à tous les volets des activités de la Fondation et au contexte d'exploitation connexe. Les placements sont principalement exposés au risque de taux d'intérêt, au risque de crédit et au risque de marché. La FTO a mis en place des politiques et des procédures officielles pour faire face à ces risques.

Le risque de taux d'intérêt découle de la possibilité que des variations de taux d'intérêt touchent la valeur des titres à revenu fixe que détient la FTO. La FTO gère ce risque en détenant des titres d'emprunt émis par le gouvernement du Canada et par de grandes banques canadiennes et en échelonnant la durée des titres détenus.

- b) Lorsque la FTO promet la distribution d'une subvention, celle-ci est comptabilisée comme subvention à payer. Les subventions promises et qui ne sont pas encore distribuées sont à payer, à la réception des fonds par la FTO et si les bénéficiaires satisfont à certains critères de rendement. L'historique des subventions à payer se détaille comme suit :

	2008	2007
Subventions promises - Subventions à la collectivité et subventions à l'échelle de la province	100 306 100 \$	95 762 400 \$

6. Apports reportés et subventions à payer (suite)

b) (suite)

Subventions à payer à divers organismes au cours des exercices terminés les 31 mars :

2009	71 111 100 \$
2010	23 947 800
2011	6 736 800
2012	780 500
2013	112 500
	102 688 700 \$

7. Services rendus à la collectivité, à l'exception des subventions

Les services rendus à la collectivité, à l'exception des subventions, consistent en des activités de bienfaisance qui ne sont pas des subventions, comme des partenariats avec d'autres organismes, des projets mis en œuvre par la FTO et une aide technique aux organismes communautaires. Le poste comprend les frais faisant partie des activités courantes.

8. Engagements

Les paiements annuels minimaux futurs au titre des contrats de location-exploitation visant des locaux se détaillent comme suit :

2009	363 000 \$
2010	304 000
2011	263 000
2012	234 000
2013	215 000
Par la suite	1 000
	1 380 000 \$

Relativement à ces contrats de location-exploitation, la FTO a convenu d'indemniser le propriétaire à l'égard de pertes qui pourraient avoir lieu dans les locaux loués et qui pourraient découler d'une rupture du contrat de location-exploitation.

LA FONDATION TRILLIUM DE L'ONTARIO

Notes afférentes aux états financiers (suite)

Exercice terminé le 31 mars 2008

8. Engagements (suite)

Le contrat de location-exploitation pour les locaux du siège social de la FTO, à Toronto, a été prorogé pour une période de cinq ans, soit jusqu'en février 2013.

9. Indemnisation des dirigeants et des administrateurs

La FTO indemnise ses administrateurs, dirigeants, salariés et bénévoles, passés, présents et futurs, à l'égard de frais (y compris les frais juridiques), de jugements et de toute somme réellement ou raisonnablement engagée par ces derniers relativement à une action, poursuite ou procédure intentée contre eux dans le cadre de leurs fonctions, s'ils ont agi avec intégrité et bonne foi dans l'intérêt véritable de la FTO. La nature de cette indemnisation empêche la FTO d'estimer raisonnablement le risque maximal. La FTO a souscrit une assurance responsabilité civile pour ses administrateurs et ses dirigeants relativement à cette indemnisation.

10. Instruments financiers

La valeur comptable de l'encaisse, des intérêts courus et autres, des créiteurs et charges à payer ainsi que des subventions à payer se rapproche de leur juste valeur, du fait de la relative brièveté de la période à courir jusqu'à l'échéance de ces éléments ou parce qu'ils sont à recevoir ou à payer à vue.

La juste valeur des placements est présentée à la note 4.

11. Chiffres correspondants

Certains chiffres correspondants ont été reclassés afin que leur présentation soit conforme à celle qui a été adoptée pour les états financiers de l'exercice considéré.
